

Dear participants in the Russian Health Care Week Forum!

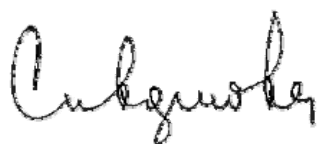

On behalf of the Ministry of Health and Social Development of the Russian Federation let me congratulate you on the opening of the Russian Health Care Week Forum, the 21st International Exhibition Zdravookhraneniye'2011 and 5th International Exhibition Healthy Lifestyle'2011.

Today the Russian Health Care Week Forum and related exhibitions are the largest and most well known shows in Russia for advanced achievements of scientific medicine and practical public health services which allows Russian and foreign leaders of the medical industry and pharmaceuticals to display the latest technologies and equipment for human diseases diagnostics and treatment.

The Russian Health Care Week Forum and related exhibitions are a traditional meeting and dialogue point for scientists and experts of the industry, medical universities students and public health services organizers which are directly involved in realization of the Health Priority National Project.

A rich research and practice program held within the Forum will allow modern medicine experts to share experience, establish new contacts and make long-term plans.

I wish all participants in the Russian Health Care Week Forum successful and fruitful work, health and well-being.
